

7 August 2020

Dear Neighbour,

RE: Notice of Extended Working Hours – Fraser Grain Terminal Export Facility

We are writing to provide a construction update for the Fraser Grain Terminal Export facility at 11041 Elevator Road, adjacent to Fraser Surrey Docks. The Project has received approval to conduct work activities on Sundays near the intersection of Elevator Road and Robson Road. **These extended hours will be in place for approximately 3 months from 23 August 2020 to 11 October 2020.**

What to expect

- Work includes activities associated with installing a concrete utility protection slab on the rail bed near Robson Road. Limited crews will be working to complete the following activities:
 - Installing formwork and placing rebar using hand tools
 - Concrete deliveries and placement
- Noise from these activities will be consistent with current daytime noise levels at the Project site.
- Traffic access via Robson Road will be maintained in both directions and traffic personnel will be in place to direct traffic as needed.

We are committed to keeping our neighbours informed about construction activities and responding in a timely manner to questions and concerns.

Visit our website for more information and to sign up to receive project updates:
