

FRASER GRAIN TERMINAL

7 March 2019

Dear Neighbour,

RE: Construction Update – Fraser Grain Terminal Export Facility at 11041 Elevator Road, Surrey

Following our January 2018 Construction Update letter, we are writing to provide information on upcoming construction activities for the Fraser Grain Terminal Export facility at 11041 Elevator Road, adjacent to Fraser Surrey Docks.

What to expect

From April to July 2019, nearby businesses may experience an increase in traffic on the local roads:

- Trucks transporting concrete, gravel and construction materials will access the Project site
- All trucks accessing and exiting the site will use designated truck routes
- Hours of work for material deliveries will be consistent with the port authority's approved hours of construction: 7:00 a.m. to 8:00 p.m. Monday to Saturday (excluding statutory holidays)

We will take all necessary steps to minimize any traffic impacts. We have developed a Construction Parking and Traffic Management Plan, which includes the following traffic management measures to minimize delays and congestion and maximize predictability for road users during construction:

- Maintain access to private properties throughout construction
- Maintain emergency access at all times
- Monitor traffic and respond to Project-related congestion in a timely manner
